

Gioco di categorizzazione lessicale.
Questo gioco aiuta i bambini a lavorare
sull'organizzazione lessicale classificando diverse
immagini nella loro casetta!

Materiali:

- 5 case
- 8 carte "Frutta", 8 carte "Vestiti", 8 carte "Animali",
8 carte "Mobili", 8 carte "Mestieri".

Un esempio di utilizzo:

Si mettono tutte le carte in un sacchetto. Le diverse case sono poste di fronte al paziente. A turno si pesca una carta, si dà un nome all'immagine e la si mette nella casetta corrispondente.
